

## PRESS RELEASE

Anavyssos, 7.11.2023

### The project Water Matters – "Increasing knowledge on the importance of Good status of Water Bodies", returns to Santorini!

This awareness campaign funded by "Water Management" Program of the EEA Grants (European Economic Area of the Financial Mechanism 2014-2021) with the Ministry of Environment and Energy acting as Program Operator, will visit the island for second time from 13-19 November 2023.

During the visit, the project team will organise several hands-on activities with the students of Santorini and Thirasia, as well as interesting events for the public. Specifically, a workshop will be held in DAPPOS hall in Karterados on 18 November (18:30-20:30), where the results of the project will be presented and the Norwegian partners will give examples of good practices for sustainable water management in their country.

For more information please visit the project website : <https://water-matters.hcmr.gr/>, or contact Roula Andriopoulou ([roulan@hcmr.gr](mailto:roulan@hcmr.gr), mobile: 6947203487) and HCMR Educational Unit ([education@hcmr.gr](mailto:education@hcmr.gr), tel: +302291076317).

It may be noted that the grants of the three Donor Countries (Iceland, Liechtenstein and Norway), through the 2014-2021 EEA MF, contribute to the achieving of the general objectives for:

- (a) Reducing economic and social inequalities in the European Economic Area and
- (b) Strengthening bilateral relations between Iceland/Liechtenstein/Norway and the beneficiary countries.
